PERSONAL STATEMENT

Hello my name is Iris Boubennec, I am currently in my second year of MMI (Multimedia and Internet). I have over 2 years' experience using software such as Figma, Davinci Resolve, Photoshop etc... I'm dynamic and creative by nature, and I'm looking to put my experience to good use in the Web Designer role.

WORK EXPERIENCE

■ Communication Trainee - University Work Placement

Crédit Mutuel Arkéa September 2023 / August 2025

- Contributed to team brainstorming sessions and project planning meetings.
- Manage the company's website using programming languages: HTML, CSS
- Retouching of site images, including optimisation, isolation and resizing
- Participating in the life and cohesion of the department.
- Help set up new projects: user guide, accessible documentation, meeting facilitation, decision-making documents, etc.

■ Work Placement in Communication, Design

Turboself - February 2022-March 2022

- Design of visual elements for websites: icons, header images and product images.
- Collaborated with senior designers to create wireframes, mockups, and prototypes for client websites.
- Taking part in meetings to discuss my ideas with the creative management team and company stakeholders.
- Researching industry trends, competition and best practice in communication and design.
- Development of personas based on user research to represent the different types of user.
